

Bringing Hope. Empowering Freedom. Abolishing Exploitation.

The goal of The Freedom Collective is to provide holistic, individualized, and trauma-informed care to adult victims of commercial sexual exploitation through a seamless continuum of services, including outreach, jail mentorship, 24-hour hotline services, safe home services, and long-term program placement. This consistent work provides a stable, safe space for victims to seek refuge. The Freedom Collective is poised to respond to crisis situations, efficiently coordinate the care needed for stabilization, and make connections to long-term care on behalf of victims.
